(With Summarized Financial Information for the Year Ended June 30, 2015)

and

Report Thereon
INDEPENDENT AUDITOR’S REPORT

To the Board of Directors of the
Bender JCC of Greater Washington

Report on the Financial Statements
We have audited the accompanying financial statements of the Bender JCC of Greater Washington (the Center), which comprise the statement of financial position as of June 30, 2016, and the related statements of activities, functional expenses and cash flows for the year then ended, and the related notes to the financial statements.

Management’s Responsibility for the Financial Statements
Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor’s Responsibility
Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor’s judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity’s preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity’s internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion
In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of the Bender JCC of Greater Washington as of June 30, 2016, and the changes in its net assets and its cash flows for the year then ended in accordance with accounting principles generally accepted in the United States of America.
Report on Summarized Comparative Information

We have previously audited the Center’s 2015 financial statements, and our report dated January 19, 2016, expressed an unmodified opinion on those audited financial statements. In our opinion, the summarized comparative information presented herein as of and for the year ended June 30, 2015, is consistent, in all material respects, with the audited financial statements from which it has been derived.

Raffa, P.C.

The accompanying notes are an integral part of these financial statements.
1. Organization and Summary of Significant Accounting Policies

**Organization**

The Bender JCC of Greater Washington (the Center) is a nonprofit organization that provides health, welfare and cultural benefits to the members of the Jewish community and the Washington, DC metropolitan area.

Effective July 26, 2016, the Jewish Community Center of Greater Washington changed its legal name to the Bender JCC of Greater Washington.

**Investments**

Investments consist of an interest in the United Jewish Endowment Fund, a pooled fund maintained by the Jewish Federation of Greater Washington; equity and fixed-income mutual funds; fixed income funds; an equity exchange-traded fund, State of Israel bonds; money market funds and cash held for investment purposes. These investments are recorded at fair value in the accompanying statement of financial position.

**Property and Equipment and Related Depreciation and Amortization**

Property and equipment are stated at cost and are depreciated using the straight-line method over the estimated useful service lives of the assets, ranging from three to ten years. Leasehold improvements are amortized over the lesser of their estimated useful lives or the remaining lease term. Capital leased assets are recorded at cost and are amortized using the straight-line method over the life of the lease. Assets held during construction are stated at cost and are not depreciated until the asset is completed, at which time the asset is transferred to leasehold improvements. Expenditures for major additions, renewals and betterments are capitalized; expenditures for repairs and maintenance are expensed when incurred. Upon the retirement or disposal of assets, the cost and accumulated depreciation are eliminated from the accounts and the resulting gain or loss is included in revenue or expenses. The Center capitalizes property and equipment with a cost of $5,000 or more.

**Bond Issuance Costs**

The cost of issuance of the tax-exempt bond consists of underwriters’ fees, attorneys’ fees and other costs. The bond issuance costs are being amortized on a straight-line basis over the 15-year term of the bond.

**Revenue Recognition**

Program fees are deferred upon receipt and recognized as revenue in the period in which the related program is held. Discounts are provided to members and the general public based upon volume purchases and other marketing promotions. Discounts on registrations are also provided to staff of the Center and range from 15% to 50%. Program fees are reported net of such discounts. Discounts for the year ended June 30, 2016 for members, the general public and staff totaled $277,050.

Membership dues are recognized as revenue in the period to which the dues relate. Dues paid by members in advance of the membership period are reported as deferred revenue in the accompanying statement of financial position.
1. Organization and Summary of Significant Accounting Policies (continued)

**Revenue Recognition (continued)**

Contributions and grants are considered to be available for unrestricted use unless specifically restricted by the donor. Amounts received that are designated for future periods or restricted by the donor for specific purposes are reported as temporarily restricted support. When a donor restriction expires (that is, when a stipulated time restriction ends or purpose restriction is accomplished), temporarily restricted net assets are reclassified to unrestricted net assets and reported in the accompanying statement of activities as net assets released from restrictions. Unrestricted contributions and grants are reported as revenue in the year in which payments are received and/or unconditional promises are made.

Special events revenue is recognized in the period in which the events take place.

The Center does not record contributions of works of art and similar assets held for public exhibition and education which are on loan to the Center for display for various time periods.

**Contributed Services**

Donated services are recorded at fair value if they create or enhance a nonfinancial asset or require specialized skills that the providers possess and that normally would have to be purchased. The estimated fair value of donated services was $8,458 for the year ended June 30, 2016, and is included in contributions revenue in the accompanying statement of activities. Donated services for the year ended June 30, 2016 were comprised of accounting and legal services.

**Fair Value Measurements**

In accordance with Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) Topic 820, *Fair Value Measurements*, the Center has categorized its applicable financial instruments into a required fair value hierarchy. The fair value hierarchy gives the highest priority to quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). If the inputs used to measure the financial instruments fall within different levels of the hierarchy, the categorization is based on the lowest level input that is significant to the fair value measurement of the instrument.

Applicable financial assets and liabilities are categorized based on the inputs to the valuation techniques as follows:

- **Level 1** – Financial assets and liabilities whose values are based on unadjusted quoted prices for identical assets or liabilities in an active market that the Center has the ability to access.

- **Level 2** – Financial assets and liabilities whose values are based on quoted prices in markets that are not active or model inputs that are observable, either directly or indirectly, for substantially the full term of the asset or liability.
1. Organization and Summary of Significant Accounting Policies (continued)

**Fair Value Measurements (continued)**

*Level 3* – Financial assets and liabilities whose values are based on prices or valuation techniques that require inputs that are both unobservable and significant to the overall fair value measurement. These inputs reflect management’s own assumptions about the assumptions a market participant would use in pricing the asset or liability.

As of June 30, 2016, the Center’s investments, the investments of the Center’s defined benefit plan, the assets held for employee benefits and the deferred compensation liability as described in Notes 2 and 9 of these financial statements were measured at fair value on a recurring basis and subject to the disclosure requirements of the fair value measurements and disclosures topic of the ASC.

**Classification of Net Assets**

The net assets of the Center are classified as follows:

- Unrestricted net assets represent funds that are available for support of the Center’s operations. Portions of unrestricted net assets have been designated by the Center’s Board of Directors. Such funds can only be expended with Board approval.
- Temporarily restricted net assets represent amounts that are subject to donor-imposed restrictions to be used for a particular purpose or within a specific time period.
- Permanently restricted net assets represent amounts that include donor-imposed restrictions that stipulate the resources be maintained in perpetuity and that only the investment earnings on such amounts be used in the manner specified by the donor.

**Functional Allocation of Expenses**

The costs of providing the various programs and other activities have been summarized on a functional basis in the accompanying statement of activities and statement of functional expenses. Accordingly, certain costs have been allocated proportionately among the programs and supporting services based on management’s estimates of shared costs.

**Estimates**

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America (GAAP) requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.
2. Investments

Investments consisted of the following at June 30, 2016:

<table>
<thead>
<tr>
<th>Investment Type</th>
<th>Amount</th>
</tr>
</thead>
<tbody>
<tr>
<td>Pooled fund of the United Jewish Endowment Fund</td>
<td>$4,069,236</td>

</tr>
<tr>
<td>Greater than five years</td>
<td>$506,000</td>
</tr>
</tbody>
</table>

Subtotal $9,485,280

Less: Discount for Present Value   $(256,617)

Less: Allowance for Doubtful Accounts $(124,200)

Grants and Contributions Receivable, Net $9,104,463

The discount rates used to calculate the net present value of multi-year receivables are dependent upon the date the award was received and range from 0.5% to 3%.
4. Property and Equipment and Accumulated Depreciation and Amortization

The Center held the following property and equipment as of June 30, 2016:

<table>
<thead>
<tr>
<th>Description</th>
<th>Amount</th>
</tr>
</thead>
<tbody>
<tr>
<td>Leasehold improvements</td>
<td>$21,273,759</td>
</tr>
<tr>
<td>Furniture and equipment</td>
<td>$1,750,631</td>
</tr>
<tr>
<td>Assets held during construction</td>
<td>$867,564</td>
</tr>
<tr>
<td>Capital lease</td>
<td>$119,945</td>
</tr>
<tr>
<td><strong>Total Property and Equipment</strong></td>
<td><strong>$24,011,899</strong></td>
</tr>
<tr>
<td>Less: Accumulated Depreciation and</td>
<td></td>
</tr>
<tr>
<td>Amortization</td>
<td></td>
</tr>
<tr>
<td><strong>Property and Equipment, Net</strong></td>
<td><strong>$13,165,079</strong></td>
</tr>
</tbody>
</table>

Depreciation and amortization expense was $705,406 for the year ended June 30, 2016.

The Center is undergoing renovations funded through its Centennial Campaign and a note payable. (See Notes 7 and 5, respectively.) At June 30, 2016, the first phase of renovations was complete, with improvements to the Center’s preschool upper level, classrooms and art/dance studios, social hall, gallery, kitchen and family locker rooms. Phase 2 renovations were underway, including the Center’s lower level and hallway extension on the upper level, the pools, the adult locker room, and the front playground, which are included in assets held under construction. Renovations are expected to continue through June 2017.

5. Notes Payable and Line of Credit Agreement

In 2011, the Center refinanced a note agreement with a financial institution and entered into a $3,147,165 promissory note. The note had a ten-year term which commenced March 20, 2011. Interest accrued at an annual rate of 4.75% for the first five years. Payments of interest were due monthly. On September 4, 2016, the remaining balance of $1,968,853 was refinanced as stated below.

On June 30, 2016, the Center entered into a tax exempt non-bank qualified loan under the National Jewish Federation Bond Program issued through the Colorado Educational and Cultural Facilities Authority to provide funds for renovations and to refinance the $1,968,853 balance in the 2011 note. The loan was funded on September 4, 2016 in an amount up to $14 million. The maturity date is September 1, 2030 with a renewal on September 1, 2022. A balloon payment will be due at maturity. Interest accrues at an annual fixed rate of 2.569%. The draw period is 24 months during which only interest is due. Following the draw period, interest will continue to be paid monthly with annual principal payments of a minimum amount of $750,000. Principal payments may be paid in advance at any time without penalty. The loan balance as of June 30, 2016 was $6,313,205.

In addition, the financial institution provided the Center with a line of credit for $500,000. Interest on any outstanding balance is payable monthly at a variable rate equal to the U.S. Prime Rate as adjusted daily and with a specified minimum floor of 4.0%. The line of credit is payable upon demand and may be withdrawn at any time by the financial institution. As of June 30, 2016, no amounts have been advanced to the Center under this line of credit.
5. Notes Payable and Line of Credit Agreement (continued)

Under the loan and the line of credit agreements, the Center must maintain all of its operating accounts with the financial institution, and the Center cannot incur additional debts from other financial institutions in excess of $100,000 without the bank’s permission, with the exception of purchase money financing and financing for equipment leases. The financial institution also requires that audited financial statements be submitted to the bank by February 1st of each year. The loan and line of credit are cross-collateralized with a first position lien on the Center’s assets, including leasehold improvements and fixtures, as well as a lien on eligible contributions receivable.

In 1998, the Center entered into a 21-year note payable agreement for $297,500 with Montgomery County, Maryland. Under terms of the agreement, monthly installments of principal and interest of $1,650 are due through June 30, 2020. This note bears interest at the rate of 3.00%. As of June 30, 2016, the outstanding principal balance on the note was $66,951.

As of June 30, 2016, future principal payments under these notes, are due as follows:

<table>
<thead>
<tr>
<th>Year Ending June 30</th>
<th>Amount</th>
</tr>
</thead>
<tbody>
<tr>
<td>2017</td>
<td>$14,673</td>
</tr>

</tr>
<tr>
<td>Total</td>
<td>$6,380,156</td>
</tr>
</tbody>
</table>

6. Commitments and Contingencies

Concentration of Credit Risk

The Center maintains its cash with certain commercial financial institutions, which aggregate balance, at times, may exceed the Federal Deposit Insurance Corporation (FDIC) insured limit of $250,000 per depositor per institution. As of June 30, 2016, the Center had approximately $3,300,000 composed of demand deposits, savings accounts and money market accounts, which exceeded the maximum limit insured by the FDIC by approximately $2,700,000. The Center monitors the creditworthiness of these institutions and has not experienced any credit losses on its cash.

As of June 30, 2016, approximately $6,700,000 of the total net grants and contributions receivable balance was due from three donors. This amount represents 74% of the Center’s net grants and contributions receivable balance as of June 30, 2016.
6. Commitments and Contingencies (continued)

**Operating Lease**

The Center leases one of three contiguous properties from the Greater Washington Jewish Community Foundation. The lease commenced in 1969 and has a term of 99 years with an option to renew for an additional 99 years. Under the terms of this lease, the space is rented at $1.00 per year. Additionally, the Center must pay its share of the costs of the maintenance and operations of the property and common areas. The net present value of the donated rent for the lease term was not recognized as the amount, based upon the value of the space at the time of the donation, was not material to the Center’s financial statements.

For the year ended June 30, 2016, the Center incurred expenses of $768,565 for maintenance and operating costs related to the space.
### Temporarily Restricted Net Assets (continued)

As of June 30, 2016, temporarily restricted net assets were available for the following purposes:

<table>
<thead>

</tr>
</tbody>
</table>

### Endowment Funds

The Center’s endowment consists of individual funds established for a variety of purposes and includes both donor-restricted endowment funds and funds designated by the Board of Directors to function as endowments.

### Interpretation of Relevant Law

The original value of all gifts donated to the permanent endowment are classified as permanently restricted. The Center’s policy is to preserve the fair value of the original gift as of the gift date, absent explicit donor stipulations to the contrary.
7. **Net Assets (continued)**

**Endowment Funds (continued)**

**Interpretation of Relevant Law (continued)**

The Center’s Board has interpreted the Maryland enacted version of the Uniform Prudent Management of Institutional Funds Act (UPMIFA) as allowing the Center to appropriate for expenditure or accumulate so much of an endowment fund as the Center determines is prudent for the uses, benefits, purposes and duration for which the endowment fund is established, subject to the intent of the donor as expressed in the gift instrument.

Investment returns on permanently restricted endowments are classified in accordance with donor specifications. When no specifications are outlined by the donor, investment earnings on the permanently restricted net assets are classified as temporarily restricted net assets until those amounts are appropriated for expenditure by the Center.

**Funds with Deficiencies**

From time to time, the fair value of assets associated with individual donor-restricted endowment funds may fall below the level that the donor or UPMIFA requires an organization to retain as a fund of perpetual duration. Deficiencies of this nature are reported in unrestricted net assets. The Center’s management has continued to follow its existing spending rate policy, rather than reduce the endowment distribution, because it expects that the individual fund values will be restored with future market appreciation. The cumulative underwater deficiency was $322,533 as of June 30, 2016.

During the year ended June 30, 2016, certain individual endowment funds decreased from the previous year’s market value. As a result, for the year ended June 30, 2016, unrestricted net assets were decreased and temporarily restricted net assets were increased by $114,930.

**Return Objectives and Risk Parameters**

The Center has adopted investment and spending policies for endowment assets that attempt to provide a predictable stream of funding to programs supported by its endowment, while seeking to maintain the purchasing power of the endowment assets. Endowment assets include those assets of donor-restricted funds that the Center must hold in perpetuity or for a donor-specified period(s) as well as a board-designated fund. After taking into consideration such factors as corporate financial stability, uncertainty of cash flows in and out of the endowment funds over the long term, and capital market volatility, the Board believes that a moderate risk strategy is prudent. Under this policy, as approved by the Board of Directors, the goal is to have stable returns over the long term, with a reduced potential of negative returns in any given year. The Center expects its endowment funds to provide an average rate of return of approximately 7% to 10% over time. Actual returns in any given year may vary from this amount.
7. Net Assets (continued)

**Endowment Funds (continued)**

**Strategies Employed for Achieving Objectives**

To satisfy its long-term rate of return objectives, the Center relies on a total return strategy in which investment returns are achieved through both capital appreciation (realized and unrealized) and current yield (interest and dividends). The Center targets a diversified asset allocation that places a greater emphasis on equity-based investments to achieve its long-term return objectives with prudent risk constraints.

**Spending Policy and How the Investment Objectives Relate to the Spending Policy**

The Center has a policy of distributing up to 5.5% of the average fair value of its endowment over the prior three calendar years in which the distribution is planned. In establishing this policy, the Center considered the long-term expected return of its endowment. Accordingly, over the long term, the Center expects the current spending policy to allow its endowment to grow 1.5% to 4.5% annually. This is consistent with the Center’s objective to maintain the purchasing power of the endowment assets held in perpetuity or for a specified term, as well as to provide additional real growth through new gifts and investment return.

The Center’s endowment net asset composition by fund type was as follows as of June 30, 2016:

<table>
<thead>

</tbody>
</table>

The Center used the following methods and significant assumptions to estimate fair value for its investments recorded at fair value:

**Pooled fund of the United Jewish Endowment Fund** – This is a pooled fund whose investments include domestic and international equity funds, hedge funds, private equity funds, and real asset funds, which are subject to certain restrictions and generally have no active established trading market. Fair value is determined based on the fund’s net asset value (NAV) as provided by the fund’s management. The investments managed by the United Jewish Endowment Fund are classified as Level 2 within the valuation hierarchy as 80% of the investment may be redeemed at NAV at the measurement date and the remaining 20% may be redeemed ten days after month end.

**State of Israel bonds and fixed-income funds** – State of Israel bonds are valued using pricing models, quoted prices of securities with similar characteristics or discounted cash flows and are classified as Level 2 within the valuation hierarchy. A yield-based matrix system was used to arrive at an estimated market value for the bonds (market valuation approach).
8. Fair Value Measurements (continued)

Mutual funds, exchange traded funds, common stock and money market funds – Mutual funds, exchange traded funds, common stock and money market funds are classified within Level 1 of the valuation hierarchy as they are valued at readily available quoted market prices from an active market where there is significant transparency in the executed/quoted market price.

Deferred compensation liability – Value is based on the fair value of investments corresponding to the employees’ investment selections (see mutual funds above for valuation technique used for the employee’s investment selections).

9. Pension Plans

Defined Benefit Plan
The Center has a noncontributory defined benefit retirement plan (the Plan) covering all employees who have worked at least 1,000 hours, completed one year of service and attained the age of 21. Benefits are based on years of credited service and the average of the highest three consecutive years of compensation during the last ten years of service.

The Plan was amended to freeze participation in the Plan to all employees hired after December 31, 2005 and to freeze the benefit accruals for all participants as of June 30, 2007.

The measurement date for the following actuarial information was June 30, 2016.

Obligations and Funded Status

\[
\begin{array}{lcc}
\text{Projected benefit obligation at June 30, 2016} & \$ 8,266,611 \\
\text{Fair value of Plan assets at June 30, 2016} & 3,334,223 \\
\text{Funded status} & \text{\$ (4,932,388)} \\
\end{array}
\]

Because the Plan has been frozen, the accumulated benefit obligation as of June 30, 2016 of $8,266,611 is the same as the projected benefit obligation.

Amounts recognized in the accompanying statement of financial position consist of the following as of June 30, 2016:

\[
\begin{array}{l}
\text{Accrued benefit cost} & \text{\$ (4,932,388)} \\
\end{array}
\]

Items not yet recognized as a component of net periodic pension cost and included in unrestricted net assets as of June 30, 2016 include the following:

\[
\begin{array}{l}
\text{Cumulative unrecognized actuarial loss} & \text{\$ (3,067,212)} \\
\end{array}
\]

The unrecognized actuarial loss was $1,609,012 for the year ended June 30, 2016.
9. Pension Plans (continued)

**Defined Benefit Plan (continued)**

The amount of the cumulative unrecognized actuarial loss of $3,067,212 expected to be included in net periodic benefit cost for the year ending June 30, 2016 is $201,520.

Amounts recognized in the accompanying statement of activities consist of the following for the year ended June 30, 2016:

Net periodic benefit cost $ 190,315

The net periodic benefit cost is included in staffing costs and benefits in the accompanying statement of functional expenses for the year ended June 30, 2016.

Contributions and benefits paid for the year ended June 30, 2016 were as follows:

<table>
<thead>
<tr>
<th>Description</th>
<th>Amount</th>
</tr>
</thead>
<tbody>
<tr>
<td>Employer contributions</td>
<td>$ 258,723</td>
</tr>
<tr>
<td>Benefits paid</td>
<td>$ 383,522</td>
</tr>
</tbody>
</table>

**Assumptions**

Weighted average assumptions used in determining the benefit obligation as of June 30, 2016 and the net periodic benefit cost for the year then ended were as follows:

<table>
<thead>
<tr>
<th>Assumption</th>
<th>Rate</th>
</tr>
</thead>
<tbody>
<tr>
<td>Discount rate</td>
<td>3.25%</td>
</tr>
<tr>
<td>Expected long-term return on Plan assets</td>
<td>5.75%</td>
</tr>
<tr>
<td>Rate of compensation increase</td>
<td>N/A</td>
</tr>
</tbody>
</table>

The expected long-term rate of return on Plan assets assumption of 5.75% was developed based on historical returns for the Plan and the Plan's target asset allocation.

**Plan Assets**

The Center's investment objectives of the Plan's assets are aimed at the growth of capital in excess of inflation with managed risk.
9. Pension Plans (continued)

**Defined Benefit Plan (continued)**

**Plan Assets (continued)**

The Center’s Plan assets as of June 30, 2016, by asset category, using the fair value input measurements as outlined in Note 1 to these financial statements, were as follows:

|                 | Quoted Prices in Active Markets for Significant Other Observable Significant Unobservable |
|-----------------|------------------------------------------|---------------------------------|-----------------|-----------------|
|                 | Total Fair Value | Identical Assets/ Liabilities (Level 1) | Observables (Level 2) | Unobservables (Level 3) |
| Equity mutual funds: | | | | |
| Long/short equity | $370,758 | $370,758 | - | - |

9. Pension Plans (continued)

**Defined Benefit Plan (continued)**

**Plan Assets (continued)**

The Center used the following methods and significant assumptions to estimate fair value plan assets recorded at fair value.

*Mutual funds and exchange traded funds* – Mutual funds and exchange traded funds are classified within Level 1 of the valuation hierarchy as they are valued at readily available quoted market prices from an active market where there is significant transparency in the executed/quoted market price.

*Fixed-income securities* – Valued based on current yields, the security’s terms and conditions, and market activity. Inputs used include market sources, credit information, observed market movement and sector news.

**Contributions**

Generally, the Center’s funding policy is to contribute annually an amount equal to or greater than the actuarially determined minimum funding amount in accordance with ERISA guidelines. In no event, however, will the contribution be in excess of the maximum allowed contribution. There are no contributions expected to be paid to the Plan in fiscal year 2017.

**Estimated Future Benefit Payments**

The following benefit payments, which reflect expected future service, as appropriate, as of June 30, 2016, are expected to be paid as follows:

<table>
<thead>
<tr>
<th>Year Ending</th>
<th>$</th>
</tr>
</thead>
<tbody>
<tr>
<td>June 30, 2017</td>
<td>356,796</td>
</tr>
<tr>
<td>2018</td>
<td>387,340</td>

<tr>
<td>Total</td>
<td>2,073,187</td>
</tr>
<tr>
<td></td>
<td>$ 4,017,865</td>
</tr>
</tbody>
</table>

**Defined Contribution Plan**

The Center maintains a contributory defined contribution 403(b) retirement plan for all eligible full-time employees. An eligible employee is defined as any employee who has attained 21 years of age and has completed at least one year of service of 1,000 or more hours of service. All employer contributions are discretionary and participants vest in employer contributions after three years. For the year ended June 30, 2016, the Center did not make any employer contributions.
9. Pension Plans (continued)

**Supplemental Executive Retirement Plan**

The Center established a Deferred Compensation Plan under Internal Revenue Code (IRC) Sections 457(b), effective December 1, 2015, to provide supplemental benefits to executives whose benefits under the 403(b) are limited by Internal Revenue Service (IRS) compensation limitations. Contributions into the plan are elective and there are no employer matches, therefore, an individual is 100% vested in all contributions at the time of deferral. The fair value of the plan assets was $18,893 as of June 30, 2016.

10. Income Taxes

Under Section 501(c)(3) of the Internal Revenue Code, the Center is exempt from the payment of taxes on income other than net unrelated business income. The Center reviews and assesses all activities annually to identify any changes in the scope of the activities and revenue sources and the tax treatment thereof to identify any uncertain tax positions. For the year ended June 30, 2016 no provision for income taxes was made as the Center had no net unrelated business income and did not identify any uncertain tax positions requiring recognition or disclosure in these financial statements. As of June 30, 2016, the statute of limitations for tax years 2012 through 2015 remains open with the U.S. federal and state jurisdictions in which the Center files tax returns. It is the Center’s policy to recognize interest and/or penalties related to uncertain tax positions, if any, in income tax expense.

11. Summarized Financial Information

The financial statements include certain prior year summarized comparative information in total, but not by net asset class. Such information does not include sufficient detail to constitute a presentation in conformity with GAAP. Accordingly, such information should be read in conjunction with the Center's financial statements for the year ended June 30, 2015, from which the summarized information was prepared.

12. Subsequent Events

The Center's management has evaluated subsequent events through January 18, 2017, the date the financial statements were available to be issued. There are no subsequent events that require recognition or disclosure in these financial statements.
