Eligibility Age for September 2016

The Maryland State Board of Education has adopted changes related to the kindergarten age of eligibility in the 2007-2008. A child must be 5 years old by September 1, 2016 to enroll in the Transitional Kindergarten/Kindergarten Program.

In order to accomplish this goal, children must meet the following age guidelines when registering for a program:

- Children registering for the Transition Twos may turn 2-years-old between September 1, 2016 and December 31, 2016. These students will join the class **on the day of their 2nd birthday**. Children who attend the Transition Twos in the 2016-2017 School Year will need to attend a two year old class for the 2017/2018 school year.
- Children registering for the 2-year-old class must turn 2-years-old on or before September 1, 2016.
- Children registering for the 3-year-old class must turn 3-years-old on or before September 1, 2016.
- Children registering for the 4-year-old class must turn 4-years-old on or before September 1, 2016.
