5 lanes - lap swim only/1 ■ Water Jogging

9 AM – 10 AM
3 lanes - lap swim only/3 CLOSED – ■ Group Lessons

10 AM – 12:30 PM
Gudelsky Swim Pgm

12:30 PM – 8:30 PM
4 lanes - lap swim only/**Open Swim

Aquatics Program Descriptions

■ New class: BOGA boarding!

BOGAboard is a workout geared to heighten your sense of balance while building your entire core, cardiovascular stamina and total body strength. All levels welcome. Note: If you have severe back injuries, issues kneeling, or vertigo, contact your physician first.

Private & Semi-Private Lessons

Private (one student per instructor) and semi-private (two students per instructor) lessons are available in 30 minute increments. Lessons are based on instructor availability, and are available to Bender JCC members only. To schedule lessons or for more information, contact Caroline Cardullo at 301-348-3890 or ccardullo@benderjccgw.org.

Swim Classes

Our swim classes introduce children to the water and teach fundamental swim skills and strokes.

■ Water Babies (6-18 months)

Parent and child learn together in the water. This introduction to the water class uses a gentle, low key approach with techniques to aid in your child's progress through the water. Using verbal cues and body language your child will be introduced to basic swim skills including back float, kicking and reaching; all with assistance from the parent. Songs and games will be included as well.

■ Water Tots (18 months – 3 years)

Parent and child learn together in the water in this class that introduces basic swimming skills such as back float, kicking, reaching and blowing bubbles. Parents will assist their child with each technique. The skills learned will prepare children for entry into Level 1.

■ Level 1: Introduction to Water Skills

Focusing on water acclimation, this course is for children who are unable to be in the water on their own without using a flotation device. Children are in the water with the instructor. Parents may watch from the deck.

■ Level 2: Fundamental Aquatic Skills

To enroll in Level 2, you must be able to: Enter water using steps or jump in independently; open eyes underwater and retrieve submerged object; front glide, 2 body lengths; back float, 3 seconds; exit water independently.

■ Level 3: Stroke Development

Level 3 builds on the skills in Level 2 through additional guided practice in deeper water. To enroll in Level 3, you must be able to: enter water by jumping in; rotary breathing; back float, 30 seconds; tread water, 30 seconds.

Swim Clubs

Our youth and adult swim clubs allow swimmers to work on competitive skills and build endurance through challenging workouts and individual stroke correction.

■ Pre-Team (6 - 12 years)

Designed to prepare swimmers for the swim team. During each class, we will work on strokes through drills and lap swim. Swimmers must be able to swim one length of the pool (25 yards) without stopping.

■ Swim Club (7-16 years)

Swimmers work on competitive skills and build endurance. Each workout is designed with a specific goal to improve strokes and fitness. Swimmers must be able to swim one lap/50 yards without stopping.

■ Masters (Adults)

This non-competitive recreational swim club provides challenging workouts with individual stroke correction. Designed for all levels.

Water Aerobics (All levels welcome)

■ **AQUA FIT** (age 60+): This cardiovascular workout in the pool is set to music while still being easy on the joints. This class is designed to increase flexibility and muscle tone.

■ **AQUA PILATES**: Shallow water aerobics fused with movements from land Pilates. Get wet and wild for core work, strength and conditioning!

■ **AQUA ZUMBA**: High energy Latin dance in the water!

Specialty Programs

■ Pro-Action Aquatic Therapy

We are one of only a few clinics in the Washington, DC area that offers this valuable service.

Physical Therapy in the water:

1. Creates a safe and effective environment to exercise.
2. Enables pain-free strengthening, stretching, and overall mobility.
3. Uses hydrostatic pressure to reduce swelling.
4. Improves your ability to balance.
5. Creates the ability to move joints through greater ranges of motion.

■ SCUBA Classes

SCUBA is an abbreviation for Self-Contained Underwater Breathing Apparatus. Discover the hidden world underwater that awaits!

■ Water Jogging

Any runner looking to increase their cardiovascular capacity minus wear and tear on muscles should jump on in. Also recognized as a rehabilitation [exercise for injured athletes](#).

To register visit benderjccgw.org/aquatics

■ **Drop-in Classes** (For Bender JCC members only)

For more information, please contact Caroline Cardullo, Aquatics Director, at 301.348.3890 or ccardullo@benderjccgw.org.
