Languages Spoke: Hebrew		Are you able to drive children: I have a license and car, and am comfortable driving children.	
What certificates do you have: I hope to soon complete the online portion of first aid/CPR recertification (or Basic Life Support certification, which is a more advanced version geared towards healthcare providers), and to complete the classroom portion when it becomes safe to do so.		Age ranges for child care: Newborn to 2 years, 2 years - 4 years, 5 years - 9 years, 10 years - 14 years	
What do you do during the year: I just graduated from American University in May. I want to apply to physician assistant school in about two years; in preparation for that, I hope to take a Certified Nursing Assistant or Medical Assistant course in the fall. Depending on the scheduling of that course, I may be able to babysit during that time (approximately September-December).			
What experience do you have working with children: 2 summers as an Adom senior counselor with Camp JCC (2017 and 2019) Several years as a volunteer counselor at spring/summer break Girl Scout camps Babysitting since beginning of college (age range 1-9)			
What experience do you have working with individuals with disabilities: I worked with inclusion campers in my bunk both summers at Camp JCC, though I was not an inclusion counselor. During one of my summers in Israel, I spent two days assisting staff at a therapeutic daycare for young children with disabilities at the Alyn pediatric rehabilitation hospital in Jerusalem.			
Any additional information you would like to share: A note on the driving question: None of the given options are accurate for me. I do have a license and can drive to your location, but I am not comfortable driving children. I am a big fan of cooking/baking, arts and crafts, dramatic play, singing, and reading books. I can do any of these with children plus whatever other activities they might be into! I have experience with diapering, feeding/meal preparation, and bedtime preparation. I have experience as a tutor and can help children with academic summer activities (and school work if I continue working into the fall).
